Should we conserve natural resources

~~First, I thought~~ yes, because let's say if some one throw there paper down and a animal could eat the paper. A

Then later After, watching the nature is speaking video I realized it can't be all about people. Just think of the plants and share we talk of plants some time's like me I Love plants.

Now, I think After researching away to help planet Earth I did find that a small bottle can be something bigger and better if you recycle. Kids can throw away trash so can grown ups so can the whole world.
