Genius Time:
Problem Solving Edition

Step 1: Brainstorm Issues of
Importance

Step 2: Choose a Topic

Step 3: Research Possible
Problems (Individually)

Step 4: As a group, determine the
biggest problem! (Group)

Step 5: Research Possible
Solutions (Individually)

Step 6: Argue the <u>best</u> solution;
including how to implement it.
(Group)

Step 7: Create a presentation to
demonstrate your argument
(Why is it valid?) and your
plan of action.

*Be sure to keep a list of websites
you're using to get information.*
*These should be the final piece of your
presentation.*
(Google, Yahoo, Ask, etc. are search
engines, NOT websites!)
