

What's the Matter?

Opinion Writing Template

Name

Date 2-10-15

Introduce your ~~claim~~ your claim (hypothesis)

First, I thought...

-elaborate, be specific

That some things can but not a lot of them.

Provide evidence from your observations.

Then, I learned...

that almost all of them but heating and cooling is what does the trick. aha!

for example water can change back but cracked eggs cant.

Then, I learned more...

According to the video I learned that reversible can go back and irreversible can't go back.

love use of vocabulary 😊

Make a conclusion based on what you learned. Apply your knowledge.

Now, I think...

That if I broke a crayon or a board they won't go back to the way they were also if I cooled a crayon it will go back interesting 😊
