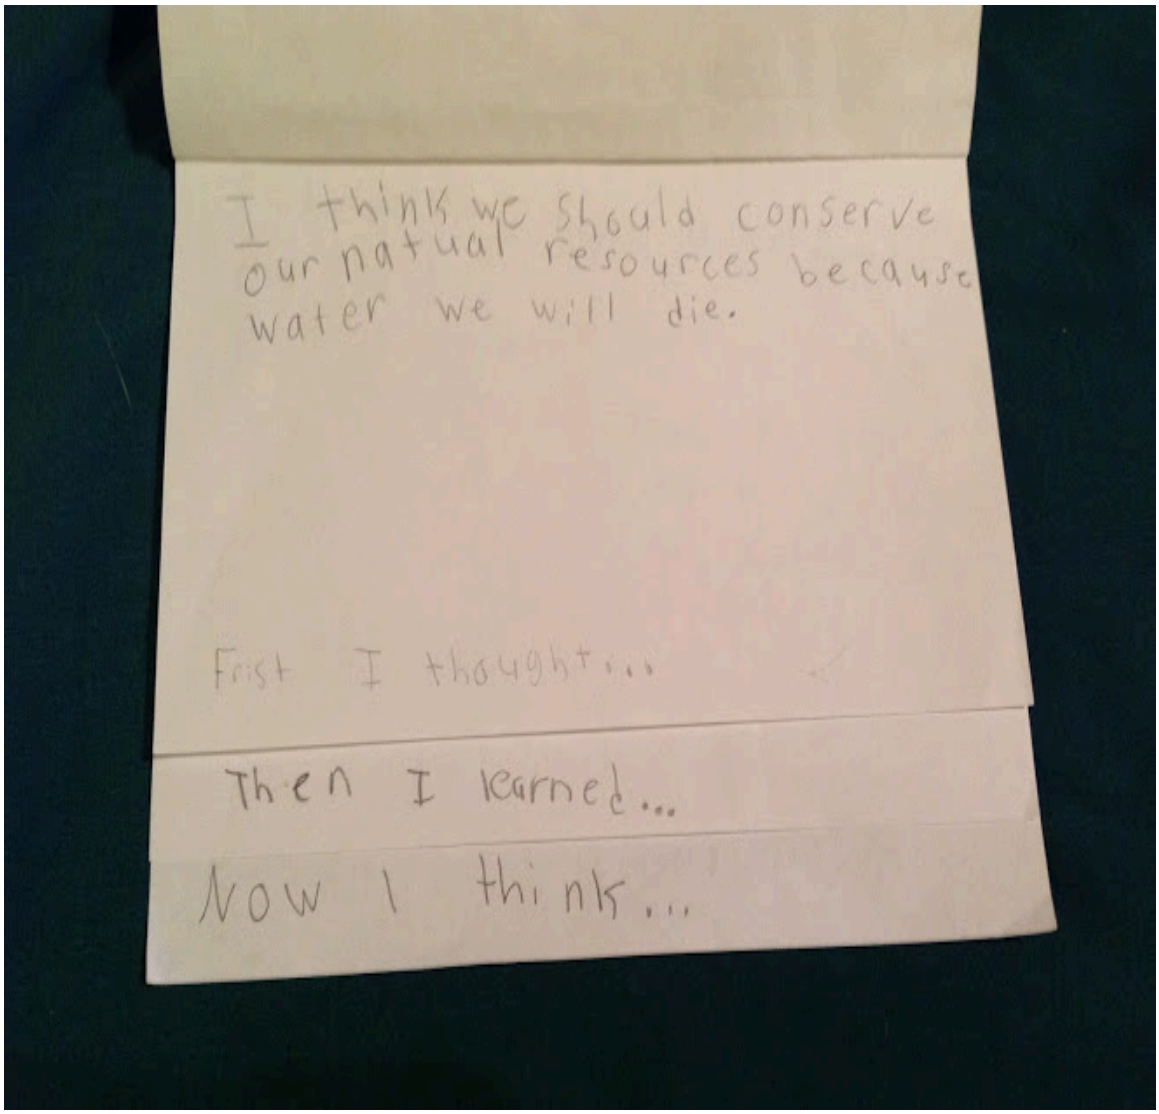
Should we conserve natural resources?
First I thought...
Then I learned...
Now I think...

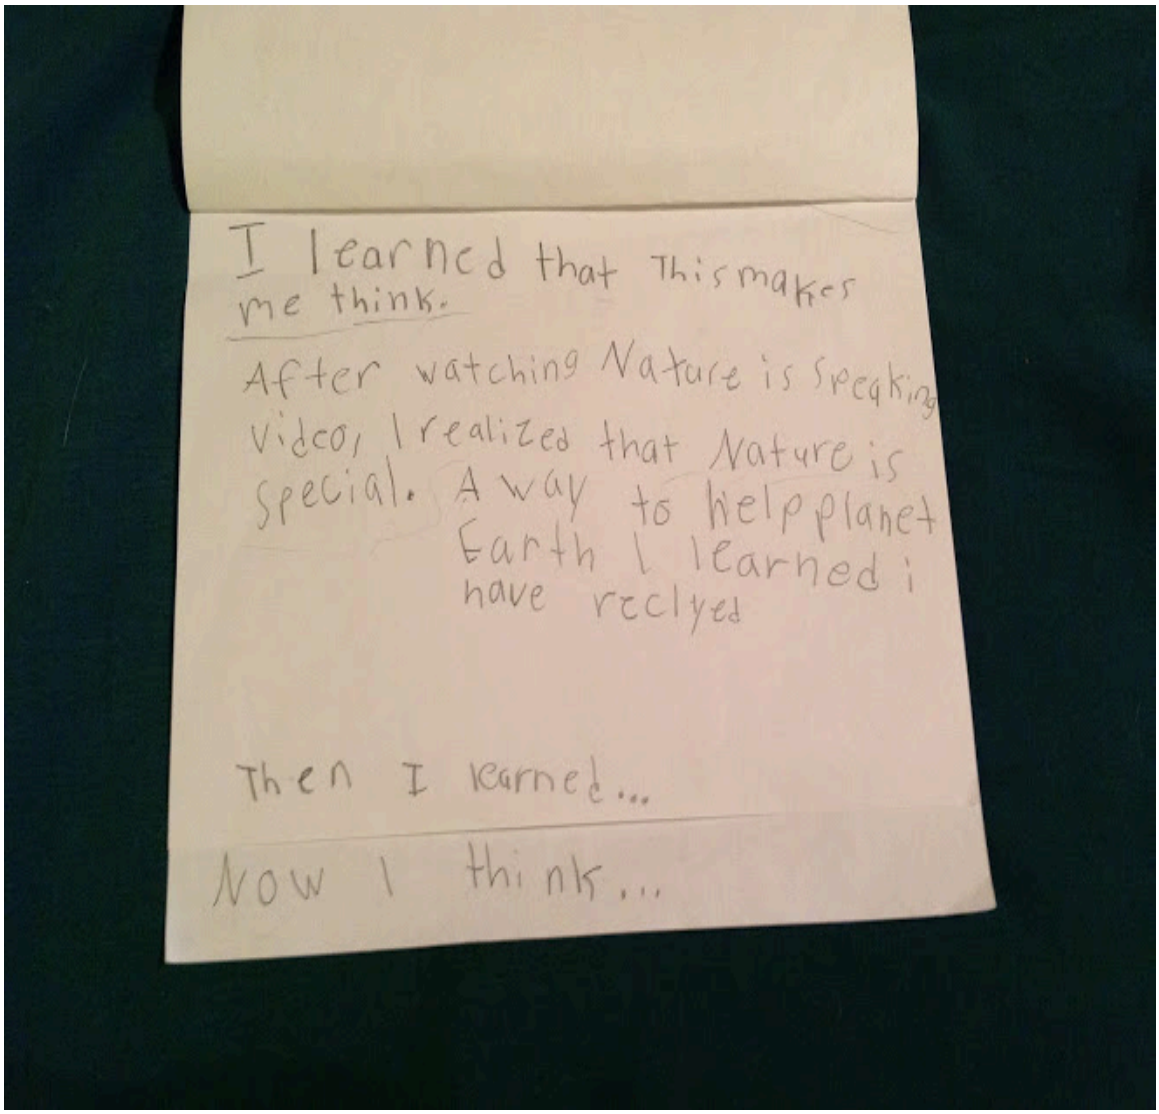


I think we should conserve our natual resources because water we will die.

Frist I thought...

Then I learned...

Now I think...

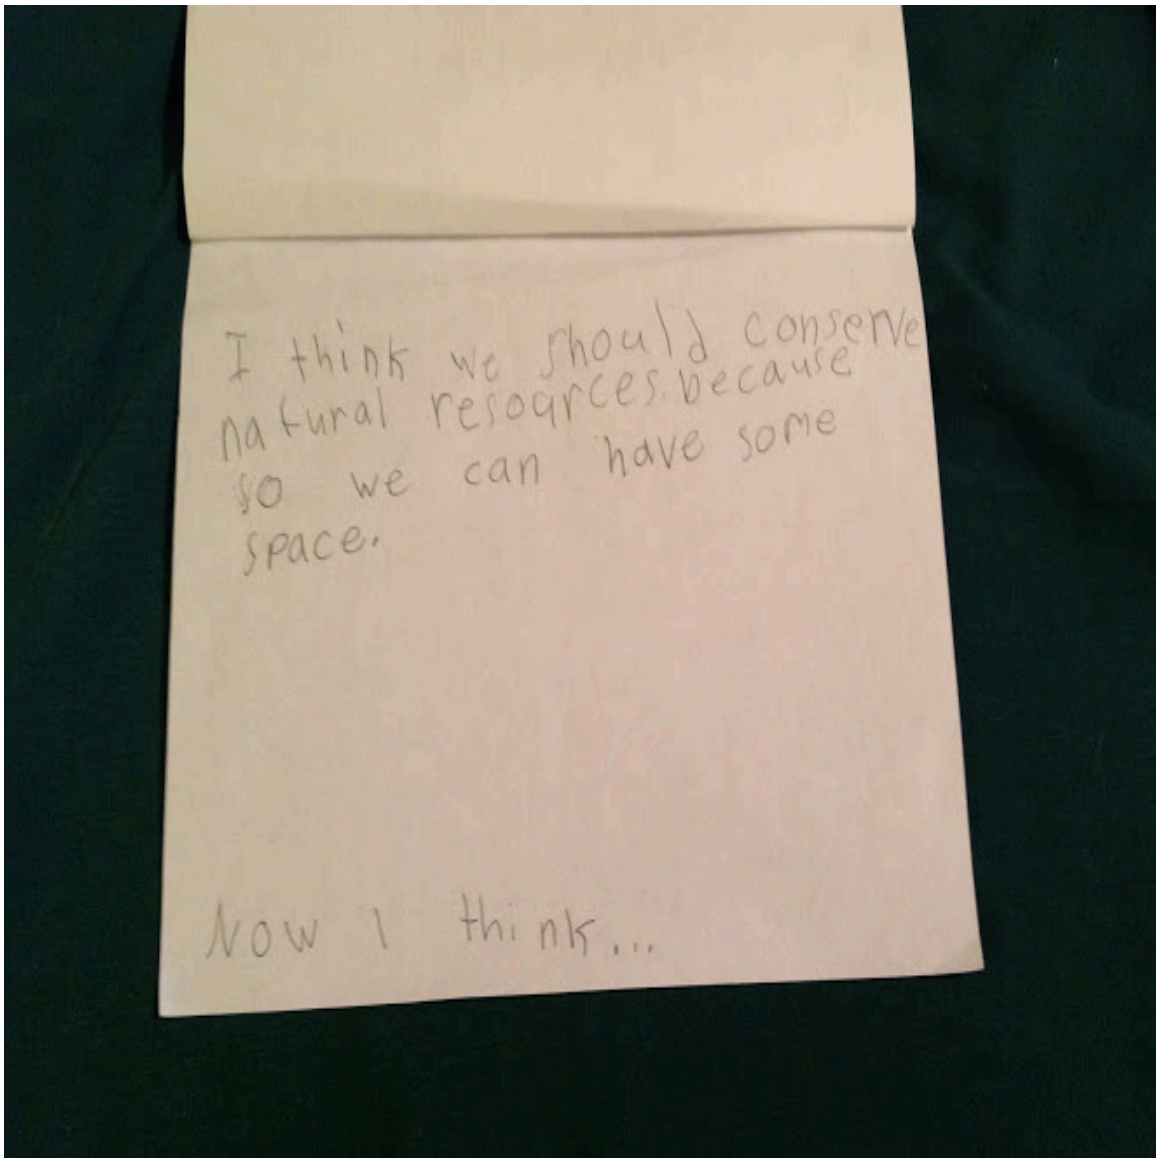


I learned that This makes me think.

After watching Nature is Speaking video, I realized that Nature is special. A way to help planet Earth I learned i have reclyed

Then I learned...

Now I think...



I think we should conserve natural resources because so we can have some space.
Now I think...
